EDUCATION

MICROVERSE

Oct 2021 – Present

Remote Full-stack Web Development Program, Full Time

- Mastering algorithms, data structures, and full-stack development while simultaneously developing projects with JavaScript, React, Redux, Ruby, Ruby on Rails, and PostgreSQL
- Developing skills in remote pair programming using GitHub, industry-standard git-flow, and holding daily standups to communicate and collaborate with international remote developers.

CS50

Aug 2020 – May 2021

Remote Full-stack Web Development Program, Self-paced

- Spent my time in an immense and self-paced development environment shaping my craft in front-end, and back-end web development. Built projects with React, Django, SQL, Python, Javascript, HTML, and CSS.

UNIVERSITY OF GHANA, LEGON

Oct 2012 – May 2016

Degree, BSc. Administration (Banking and Finance)

- Strengthened my maths and problem-solving with business maths, economics, and quantitative methods.
